APIA SCHOLARSHIP READ

JANUARY - MARCH 2020

APIA Scholars provides scholarships and resources to support APIA students who are pursuing higher education. To complete our mission, volunteers are needed to review our two scholarship applications each fall and winter. At their convenience, readers have access to a secure website to review scholarship applications. Readers are asked to commit to a minimum of 20 applications, with each application taking approximately 10-15 minutes. All readers must have an undergraduate college diploma or a minimum of 7 years of work experience.
