

Greetings,

At APIA Scholars, we are learning more every day about how COVID-19 is impacting the lives of our Scholars and their families. In addition to campus closures and canceled events, Scholars are facing additional challenges such as serving as cultural brokers for their families and maintaining positive mental health during this crisis.

To supplement our direct efforts such as our [Emergency Fund](#), [Chat & Chew Virtual Discussions](#), [SMART Professional Mentoring Program](#), and [Wellness Checks](#), we have developed a **digital resource guide** with links to incredible materials from partners and government agencies. This living document, a collaboration between APIA Scholars' staff and our Scholar Advisory Committee, contains curated information to support our Scholars in the aspects of:

- **Mental Health**
- **Financial Wellbeing**
- **APIA Community & Experiences**
- **Additional Family Support**

Our team will be adding more information as time progresses. If you encounter or know of a resource that you would like to contribute to our guide, please contact our staff at programs@apiascholars.org and we will gladly incorporate it. Please stay in touch with us via social media on [Facebook](#), [Twitter](#), [Instagram](#), and [LinkedIn](#) for our latest updates and information on how we are working to support our Scholars. As always, we encourage everyone worldwide to stay safe, healthy, and optimistic during these challenging times.

Sincerely,

Noël Harmon, PhD

President & Executive Director

APIA Scholars
