Application Questions

34. My portal account is not activated – what do I do?

Please send an email to AANAPISIScholarship@apiascholars.org with the subject: Portal Account Not Activated, and include your full name and the email you registered your account with in the body of the email. We will assist you as soon as possible.

35. What documents do I have to submit for the AANAPISI Scholarship application?

For the initial application, you only need to have a recommender submit a letter of recommendation for you through the portal.

If you are selected as a finalist, you will be asked to submit additional documentation, including your most recent transcript.

Any documents sent to APIA Scholars before they are expressly asked for by APIA Scholars will be disregarded.

36. My high school did not use a 4.0 GPA scale – what do I put for my GPA?

Please put your cumulative graduating high school GPA. If you are able to contact your counselor from high school, ask if they are able to convert your GPA to a 4.0 scale. You may also refer to the College Board scale found here: <http://www.collegeboard.com/html/academicTracker-howtoconvert.html>.

37. I am not sure what my major/intended career will be - what do I put in my application?

If you do not know what you will be majoring in, or if you are currently undeclared, please select “Undecided” from the drop down menu.

For intended career, put what you are most strongly interested in pursuing and the general professional industry/field that falls under.

We realize these things might change over the course of a few months. Those who are selected as finalists will be asked again what their major and intended careers plans are.

38. I don't have any extracurricular activities and/or work experience – what should I do?

Having extracurricular activities and/or work experience is not required, and APIA Scholars looks at many factors when reviewing scholarship applications. Please take time in the third essay to explain why you do not have any extracurricular activities and/or work experience.

39. How long do the essay answers on the application have to be? Do I have to answer each essay question?

You have up to 500 words per essay to answer each question. While there is no minimum word count, please note you should take more than few sentences per question to thoughtfully answer each. The essays are an important part of the application, and the area where APIA Scholars is best able to understand who you are as a whole person.

You must answer every part of each essay question.

40. I submitted my application but there's an error/typo – can I fix it?

You are able to log into your account at <https://portal.apiasf.org> and edit any of your application information, including essays up until the 5:00 PM ET deadline on November 11, 2020.

41. How do I know if my application was received?

All applications marked 100% complete on the dashboard, with recommendation letters submitted, have been received by APIA Scholars.

42. How do I know if my application is fully complete?

You will receive an email notifying you when your recommender has submitted their recommendation letter. You can check your dashboard at any time to see if your application is marked 100% complete.

43. Can I submit my application after the deadline?

No. The application has a firm deadline of November 11, 2020 at 5PM EST. Any application, including recommendation letter, that is not completed in full by that time will be automatically disqualified.

44. English is not my first language and I am worried this will hurt my chances – are there any resources to help me?

APIA Scholars encourages you to talk to your school, college counselor, or a trusted teacher/instructor. We understand the difficulty that many of our communities face in learning English and take that into consideration as we review our applications.

Please see our Application Resources for some tips on creating a strong application: <https://apiascholars.org/scholarship/resources/>. The APIA and AANAPISI Scholarship applications are functionally the same, and the resources are applicable to both applications.

45. Are there any application resources?

Please see our Application Resources page for an application guide, tips for a strong application, as well as guidance that can be sent to recommenders for letters of recommendation: <https://apiascholars.org/scholarship/resources/>. The APIA and AANAPISI Scholarship applications are functionally the same, and the resources are applicable to both applications.

Recommendation Letters/Recommenders

46. How are recommendation letters submitted?

Recommendation letters are only accepted online via our portal as a part of the application: <https://portal.apiasf.org>. In Step 1 of the application, applicants will enter the contact information of their recommender. It is very important to put in the correct email address for the recommender. Emails are automatically sent to the recommender, asking them to register in the portal, login, and complete the recommendation form for the particular applicant. If the applicant put in the incorrect email address (including using a different version of a recommender's email), the recommender will not be able to see the recommendation form.

47. Who can write a recommendation letter?

Your recommender should be someone who can speak to your character and your leadership abilities. Teachers/instructors, counselors, advisors, religious leaders, work supervisors, coaches, or volunteer supervisors are all possible people to ask. Your recommender cannot be a relative or friend.

48. How will I know if my recommender submitted their letter?

You will receive an email when your recommender has submitted the recommendation letter. Please note your recommender must submit their recommendation letter before the deadline of November 11, 2020 at 5PM EST. Late recommendation letters are not accepted.

49. My recommender has not received an email about submitting the recommendation letter in the portal, what should I do?

Make sure they have checked their spam folders for an email from programs@portal.apiasf.org. If there is still no email, please have them reach out to APIA Scholars at AANAPISIscholarship@apiascholars.org, asking them to include your name in the email. They can also create an account themselves, but the email they register with must match exactly with what you input in Step 1 of the application.

50. I am a recommender and/My recommender says there is no recommendation letter showing up on the dashboard. What should I/they do?

Recommenders should reach out to APIA Scholars at AANAPISIscholarship@apiascholars.org, including the applicant's name and recommender email address in the body of the message. We will assist in fixing the issue.

51. How can I change my recommender?

You should avoid changing your recommender if possible, and think thoughtfully before you put in the recommender's information. You must put in your recommender's information in Step 1 in order to advance to the next step of the application, but you can always return to Step 1 and change your recommender (you will be prompted to confirm the change). Please note that all recommendation letters must be received by November 11, 2020 at 5PM EST, so if you must change your recommender, do not wait until the last minute.

52. Can the recommendation letter be submitted after the deadline?

No. The deadline for submitting recommendation letters is the same as the application deadline: November 11, 2020 at 5PM EST. Any application without a recommendation letter after that time will be considered incomplete and disqualified.

53. Is there any guidance for recommenders?

Yes, please refer to our Guidance for Recommenders document located on our Application Resources page: <https://apiascholars.org/scholarship/resources/>.

My question was not answered in this FAQ - what should I do?

Please email AANAPISIscholarship@apiascholars.org, providing in as much detail as possible the question you have/issue you are experiencing. We are receiving a high level of emails and phone calls, and will respond to your inquiry as quickly as we are able.

Please do not send us multiple emails or phone calls as this slows down our ability to respond as quickly as possible to inquiries.
